Laszlo Corporation

Potassium Formate

Property: Liquid product is colorless and transparent, Specific weight of saturated solution is 1.58 g/cm³; solid product is white crystalline powder, strong moisture-absorbing performance, reducing, density 1.9100g/cm³, easily soluble in water, non-toxic and non-corrosive.

Quality index:

Item	Index	
Appearance	White solid with strong moisture-absorbing performance	colorless transparent liquid
Na ⁺ %, ≤	0.2	0.4
HCOOK content, %, ≥	50.00	76.0
KOH content, %, ≤	0.2	0.5
K ₂ CO ₃ content, %, ≤	0.2	0.5
KCL content, %, ≤	0.3	0.5
Specific weight (g/cm ³)20°C, ≥	1.36	1.57

- Use:**
1. Widely used in completion fluid in oil field.
 2. In leather industry;
 3. As reducing agent in printing & dyeing industry;
 4. As coagulator in cement; or used in the manufacture of carbon black.

Packing:

Solid product: in woven bag lined with PP or PE bag, net weight 1000kg, 50kg or 25kg
Liquid product: in 200L plastic drum, net weight 320KG or in 1000L IBC drum, net weight 1600kg.

Storage: Avoiding moisture, stored in dry warehouses, avoiding bumping
